Since its inception in 1991, Dialectical Behaviour Therapy (DBT) has become renowned for its efficacy and effectiveness in treating high-risk suicidal behaviour in women with a diagnosis of BPD who repeatedly self-harm (NICE, 2009).

“Delivering Effective DBT” is a conference for DBT practitioners of all levels of experience as well as those new to the treatment who want to hear from experts in DBT, and from each other, how to implement DBT in healthcare systems and a wide range of client groups.

CALL FOR ABSTRACTS / POSTERS

If you would like to submit an abstract for a presentation (20 mins) or a poster on any of the following topics:

- Implementing DBT in your setting
- Development of new modalities
- Audit data from your programme
- Solving organisational problems in implementation (e.g. on in-patient units)
- Strategies for increasing resources for your DBT programme
- Putting together a business plan for a DBT programme

Please contact us at uk.dbt@extra-ibs.com by 12 August.

DBT Implementation Toolkit subscribers are entitled to 2 free places !!!
